

# Pinot Grigio 2022

## BACKGROUND

Life is full of moments to celebrate, and we believe in celebrating all things big or small. From Taco Tuesday to a 30th birthday, it's all worth popping a bottle and sparking some fun. Just send the invite and we'll see you there!

## WINEMAKING & AGING

The grapes are carefully selected and vinified using advanced technology. The grapes undergo extremely gentle pressing and the must is fermented in stainless steel vats at a temperature of around 20°C. Prior to bottling, the wine is left to develop in stainless steel tanks, never in wood, at fairly low temperatures to preserve its typically fruity character.

## TASTING NOTES

Pale straw in color with slight golden reflections. A distinctly fruity nose accompanied by slight floral hints. Light and crisp on the palate.
